EDUCATION • AWARENESS  
DETECTION • SURVIVORSHIP

# KY LEADS Collaborative Provider Education Component University of Louisville

- Educated almost 2900 HCPs including over 1200 PCPs in KY (over 1/5 of PCPs for the state)
- Trained Providers in 117/120 counties of KY
- Significant improvement in knowledge from pre- to post-test in all subject areas
- Three-month follow-up responses from participating providers indicated most increased/improved recommended practice behaviors as a result of the program
- Support from BMSF throughout four-year project
- Success in KY leading to national dissemination

# LuCa

NATIONAL  
TRAINING  
NETWORK

The LuCa National Training Network provides training, materials, and technical assistance for professionals who educate primary care providers and other health care professionals on lung cancer prevention, early detection, treatment, and survivorship.

## LuCa offers:

- Web-based training, including interactive CME/CE online courses and webinars.
- Practice tools, for both providers and patients.
- Technical assistance on how to reach providers through academic detailing, group presentations, and webinars.
